#### PEE GEE REORGANIZATION.

Salveston Tribune.

Frank Hagaman and S. W. Moore, representing the reorganization committee of the Kansas City, Pittsburg and Gulf railroad, are in the city to look after the interests of the road before Judge Bryant, who has jurisdiction as ancillary receiver of the road in Texas.

The main receivers were appointed by Judge Thayer of St. Louis and each state through which the road runs is under the jurisdiction of the "United States judge of the district through which the road passes.

Mr. Moore said that their trip here was simply to confer with certain legal methods in getting the affairs of the road in such a condition as to remove all obstacles that might exist that would throw a cloud on its coming sale.

#### He said that Judge Thayer had on

February 5 signed a decree ordering the road sold on March 19 and that Judge Pardee of the Louisiana district had on last Saturday concurred with Judge Thayer and had issued a similar order for the sale of that portion of the road which runs through Louisiana. The Texas portion, so Mr. Moore declares, will not be sold by the receivers, but the reorganization committee will absorb and operate the Texas line under the same charter that was granted the builders of the road, or, in other words, the standing of the Texas line will revert to where it was prior to the time the receivers were appointed.
